

Adoptable kitties through

*Love a Paw.org*

Jazzy was born in 2006. He is diabetic but well-regulated with insulin shots twice a day. He is very talkative and friendly. Jazzy is so precious. He will even jump up on the table to receive his insulin shots!

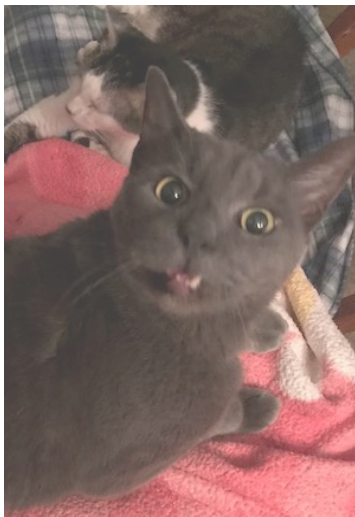

Previously feral Tom catches some rays in the cat run at Love-a-Paw. He is a very sweet older kitty.

Tessie (and her sister Tallie) are healthy 11-year-olds who would love to be a part of your family!

"This is a good hair day," says adoptable Sylvie.

"Hello! Yes, I could be your boy," and my sis Baby Cat, could be your girl," says friendly Charlie.
